1. 2. 3. Tie a loose knot.
4. Make sure there is in the middle. Slide if necessary.
5. Pull tight.

Finishing:

On the top of the body sew the eyes. Check the picture (it's view from above). With the grey yarn sew light reflex on pupils. Below the eyes with the grey yarn sew smile and teeth. Sew the leg. First pair of leg sew on the purple part, below the eyes. Next leg sew lower and farther back (check the picture).

Tips

- *Use pins to fix your feet while sewing. Wipe the pin lower than end of leg to sew legs when they are pinned.
- *Crocheting legs with only 4 sc can be tiring, so if you want, make them with 5 or 6 sc. The end result will be slightly different, but there is enough space on the spider's body, and one more single crochet changes the difficulty of the job.
- * It is best to use a piece of cordon as a marker.

CONGRATS! You're done!
